Safe Harbor: Forward-Looking Statements

All statements included in these slides, other than statements or characterizations of historical fact, are forward-looking statements within the meaning of the federal securities laws, including the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, among others: guidance regarding our future financial outlook including revenue, non-GAAP gross margin, non-GAAP R&D expense, non-GAAP SG&A expense, other income/expense, tax expense and EPS (GAAP and non-GAAP) for the fourth quarter of fiscal 2015; and expectations in three of the end markets we serve (Mobile & Wireless, Storage and Networking). Words such as “anticipates,” “expects,” “intends,” “plans,” “believes,” “seeks,” “estimates,” “can,” “will” and similar expressions identify such forward-looking statements. These forward-looking statements are not guarantees of results and should not be considered as an indication of future performance. Actual events or results may differ materially from those described in these slides due to a number of risks and uncertainties including, among others: our reliance on a few customers for a significant portion of our revenue; costs and liabilities relating to current and future litigation; our ability to develop and introduce new and enhanced products in a timely and cost effective manner and the adoption of those products in the market; seasonality in sales of consumer devices in which our products are incorporated; our ability to compete in products and prices in an intensely competitive industry; uncertainty in the worldwide economic conditions; our ability to recruit and retain skilled personnel; and other risks detailed in our SEC filings from time to time. For other factors that could cause our results to vary from expectations, we refer you to our Quarterly Report on Form 10-Q for the quarter ended August 2, 2014 and subsequent filings with the SEC, which discuss some of the important risk factors that could contribute to such differences or otherwise affect our business, results of operations and financial condition. We undertake no obligation to revise or update publicly any forward-looking statement to reflect future events or circumstances, including the financial outlook for the fourth quarter of fiscal 2015 contained herein.

The payment of future quarterly cash dividends on Marvell’s common shares is subject to, among other things, the best interests of our shareholders, our results of operations, cash balances and future cash requirements, financial condition, developments in ongoing litigation, statutory requirements of Bermuda law, and other factors that our board of directors may deem relevant.

The financial outlook contained herein does not include the potential impact of future share repurchases, pending litigation matters, business combinations, asset acquisitions or other investments that may be completed after November 19, 2014. Our financial outlook for the fourth quarter of fiscal 2015 is based on expectations, assumptions and estimates that we believe are reasonable, and is subject to a wide range of business risks and uncertainties, many of which are beyond our control. The financial outlook contained herein should not be regarded as representations by us that the estimated results will be achieved or are indicative of future results.

Use of Non-GAAP Financial Measures

These slides provide financial measures on a U.S. GAAP as well as a non-GAAP basis. These non-GAAP results exclude the effect of share-based compensation, amortization and write-off of acquired intangible assets, acquisition-related costs, restructuring and other exit related costs, litigation settlement, and certain one-time expenses or benefits. We believe that the presentation of non-GAAP financial measures provides important supplemental information to management and investors regarding financial and business trends relating to our financial condition and results of operations. While we use non-GAAP financial measures as a tool to enhance our understanding of certain aspects of our financial performance, we do not consider these measures to be a substitute for, or superior to, the information provided by GAAP financial measures. A reconciliation in accordance with SEC Regulation G for the non-GAAP financial measures used in these slides is available in the financial statements section to this presentation and/or in the Investor Relations section of our website at www.marvell.com.
